SITUATION REPORT

INCIDENT NAME: Marathon Beaver Creek Fire

SITREP #: 2

SPILL NUMBER: 04239933501

LEDGER CODE: 14138860

TIME/DATE OF SPILL: 6:00 PM, November 30, 2004. The incident was reported to DEC at 6:40 PM.

TIME/DATE OF SITUATION REPORT: 4:00 PM, December 1, 2004

TIME/DATE OF THE NEXT REPORT: 3:00 PM, December 2, 2004

TYPE/AMOUNT OF PRODUCT SPILLED: Produced fluids (produced water and natural gas condensate). Two 300-barrel (12,600 gallon) storage tanks were destroyed in a fire. Marathon officials estimate approximately 381 barrels of produced fluids were released onto the pad. There is also an ongoing release of natural gas.

LOCATION: Beaver Creek Unit, Pad 1-A, Kenai, Alaska.

CAUSE OF SPILL: Fire. The cause and source of the fire remains under investigation.

POTENTIAL RESPONSIBLE PARTY (PRP): Marathon Oil Company, Kenai AK.

RESPONSE ACTION: Vacuum trucks have been pumping and transporting accumulated water and produced fluids from the lined containment area on Pad 1-A to an injection well at Marathon's Kenai Gas Field. Marathon is assembling a team of experts to secure the venting natural gas well and expects to have this task completed by tomorrow afternoon. Primary cleanup activities have been limited to site characterization and monitoring the area for hazardous atmospheres until the venting of the natural gas can be secured. Marathon believes that the spill of produced fluids has been contained on the pad.

SOURCE CONTROL: The two 300-barrel tanks were destroyed in the fire. Efforts to control the release of natural gas are ongoing.

RESOURCES AFFECTED: A detailed site assessment will be conducted as soon as the natural gas release is stopped and safety allows. The pad is surrounded by a wooded area. A wetlands area is located 150 yards from the pad. There have been no reports of injured wildlife.

FUTURE PLANS AND RECOMMENDATIONS: Marathon continues to work on stopping the release of natural gas. A detailed site assessment and cleanup will follow.

WEATHER: Rain, temperatures in the upper 30s and winds out of the Southeast at 15 mph.
