# TABLE OF CONTENTS

<b>Section I: Introduction .....</b>	<b>3</b>
Purpose of This Manual.....	3
How to Use This Manual.....	4
Intended Users.....	5
How it was Developed .....	5
How it is Organized .....	6
<b>Section II: Fate and Effect of Oil and Routes of Exposure to Commercial Fisheries .....</b>	<b>9</b>
Behavior of Oil Spilled to Water .....	9
Relationship between oil characteristics and fisheries water quality sampling.....	10
Oil Type, Potential Fishery Impacts, and Sampling Considerations.....	12
Potential Routes of Exposure to Fisheries	
Organisms and Seafood .....	12
Potential Routes of Exposure to Vessels, Gear, and Processing Operations .....	12
Selection of Sampling Methods .....	13
<b>Section III: Considerations for Alaska Fisheries .....</b>	<b>15</b>
Fishery Management Authority .....	15
Seafood Safety Regulatory Authority .....	18
Water Quality Standards .....	18
Public Perception and Commercial Fisheries in Alaska .....	18
Communication with Stakeholders.....	19
Establishing and Coordinating a Commercial Fisheries Work Group .....	20
<b>Section IV: Sampling Design.....</b>	<b>23</b>
Identifying Information Needs .....	23
What type (or types) of oil was spilled?.....	23
What is the potential fate and behavior of the spilled oil? .....	23
What are the potential routes of exposure and impacts to fishery resources .....	24
Application of Sampling Methods to Assess Potential Fishery Impacts....	24
Detection Limits .....	24
Statistical Design .....	25
Resources & Logistical Considerations.....	26
Putting it All Together: The Sampling Plan .....	26
Data Analysis and Expression of Results.....	28

**Section V: Fisheries Water Quality Sampling Methods ..... 29**

Application of Sampling Methods to Assess Potential Fishery Impacts .... 29

Part A. Water Column Sampling Methods Introduction..... 33

1. Tow Net Sampling ..... 37
2. Passive Sampling – Water Column ..... 45
3. Whole Water Sampling for Dissolved Oil ..... 51
4. Fluorometry Sampling..... 57
5. Aerial Surveillance and Tracking ..... 61
6. Beach Surveys..... 67

Part B. Benthic Sampling Methods Introduction ..... 71

1. Passive Sampling – Bottom ..... 73
2. Active Sampling – Bottom ..... 81
3. Sediment Sampling ..... 87

Part C. Methods for Sampling Seawater Intakes Introduction ..... 91

1. Vessel Seawater Intakes ..... 93
2. Processor Seawater Intakes..... 99
3. Vessel Tanks & Fish Holds.....105

Part D. Sampling of Commercial Fish Species, Gear, and Vessels  
Introduction.....111

1. Harvesting Commercial Fish.....113
2. Monitoring Commercial Fishing Vessels and Gear.....117

Part E. Considerations for All Sampling Methods Introduction.....121

1. Handling & Storing Samples .....123
2. Data Collection and Management .....127
3. Safety .....131
4. Waste Management.....135

**Section VI: Appendices ..... 137**

Appendix A: References.....138

Appendix B: Acronyms and Abbreviations .....140

Appendix C: Examples of Information Releases and Advisories from  
the *M/V Selendang Ayu* Fisheries Water Quality Sampling Program....141

Appendix D: Sample Fisheries Work Group Meeting Agenda and  
Meeting Summary .....148

Appendix E: Example of Sampling Plan .....152

Appendix F: Examples of Results Maps from *M/V Selendang Ayu*  
Water Quality Sampling Program .....157

Appendix G: ADFG Scientific Collection Permit for Fish .....160
