Re: 2008 Annual Source Reduction Evaluation Report Silver Shadow

Dear Mr. Kozhuharov:

Per Section 1.9 of the Large Commercial Passenger Vessel Wastewater Discharge Permit number 2007DB0002, a permittee that has been approved to discharge under the interim discharge limits is required to submit an annual Source Reduction Evaluation progress report (SRE). (See General Permit Section 1.9.12.)

The Silver Shadow submitted the annual 2008 Silver Shadow report on January 14, 2009.

DEC has reviewed this SRE progress report. I appreciate the efforts that Silver Shadow has taken to move towards compliance with the long term (2010) effluent limits. The Silver Shadow SRE is approved.

The Silver Shadow should submit an update on the remaining SRE efforts in an interim report that shall be submitted to DEC by April 30, 2009.

DEC appreciates the Silver Shadow's actions to minimize environmental impacts and to protect Alaska's environment. We look forward to working with the Silver Shadow again in 2009.

If you have any questions, please do not hesitate to contact me at (907) 465-5312.

Sincerely,

A handwritten signature in black ink, appearing to read "Denise Koch". The signature is fluid and cursive, with the first letter 'D' being particularly large and stylized.

Denise Koch
