Re: **Notice of Termination under Cruise Ship Wastewater GP for *Radiance of the Seas***

Dear Mr. Pruitt:

On August 25, 2009 the Alaska Department of Environmental Conservation (DEC) received your letter which stated that the *Radiance of the Seas* will not need to discharge into Alaska waters during 2009 or 2010. Therefore, Royal Caribbean Cruises Ltd. elected to withdraw the vessel from the Large Commercial Passenger Vessel Wastewater Discharge General Permit (GP) No 2007DB0002. Although the *Radiance of the Seas* had a permit to discharge wastewater in Alaska waters during the 2008 and 2009 Alaska cruise ship season, the vessel did not do so.

DEC has terminated authorization number 2007DB0002-0021 for the *Radiance of the Seas*. The vessel is no longer authorized to discharge wastewater in Alaska waters.

If you have any technical questions concerning this authorization, please contact Denise Koch at denise.koch@alaska.gov or (907) 465-5312.

Sincerely,

Denise Koch
Cruise Ship Program Manager
