### **Draft Permit Public Notice Period:**

Public Notice Start Date: **November 16, 2015**

Public Notice Expiration Date: **December 17, 2015 5:00 pm Alaska Standard Time**

**Permit Number: AK0000396**

**Applicant:** Cook Inlet Pipeline Company  
Drift River Terminal  
300 Centerpoint Drive, Suite 1400  
Anchorage, Alaska 99509

### **Proposed Permit Coverage:**

The proposed reissued Permit covers discharges from Drift River Terminal and Christy Lee Loading Platform (Facility) into Cook Inlet. The Facility is located at Redoubt Bay and is used to transfer crude oil to tankers. Previously, the facility treated and discharged ballast water. Given the existing fleet of tankers have doubled-walled hulls, the treatment and discharge of ballast water has been discontinued and removed from the Permit. The discharges covered by the Permit include:

- Outfall 001 – Domestic Wastewater,
- Outfall 002 - Deck Drainage, and
- Outfall 003 - Landfarm Leachate.

**Tentative Determination:**

DEC has tentatively determined to reissue a discharge permit to the above listed applicant with two added outfalls for deck drainage (Outfall 002) and (Outfall 003).

**Public Comments:**

Written comments or requests for a public hearing on the APDES draft permit must be submitted within 30-days of the issuance of this public notice. Please direct written comments and requests to the attention of the permit writer at the address or email shown on page 1. All comments should include the name, address, and telephone number of the commenter and a concise statement of comment on the permit condition(s) and the relevant facts upon which the comment is based. Comments of either support or concern that are directed at specific, cited permit requirements are appreciated. Mailed comments and requests must be postmarked on or before the expiration date of the public notice.

DEC will consider all substantive comments when making the final decision, and will respond to comments received in a Response to Comments document issued when DEC issues a final permit. The Response to Comments will be made available to the public.

Any interested person may submit a written request for a public hearing if no hearing has already been scheduled. A request for a public hearing shall state the nature of the issues to be raised, as well as the requester's name, address and telephone number. DEC will hold a public hearing whenever DEC finds, on the basis of requests, a significant degree of public interest in a draft permit. DEC may also hold a public hearing if a hearing might clarify one or more issues involved in a permit decision or for other good reason in DEC's discretion.

DEC will transmit the final Permit, Fact Sheet (amended as appropriate), and Response to Comments to anyone who provided comments during the public review period or requested to be notified of DEC final decision.
